Inoxsystem®

Inoxsystem® *Infinity* slot channels

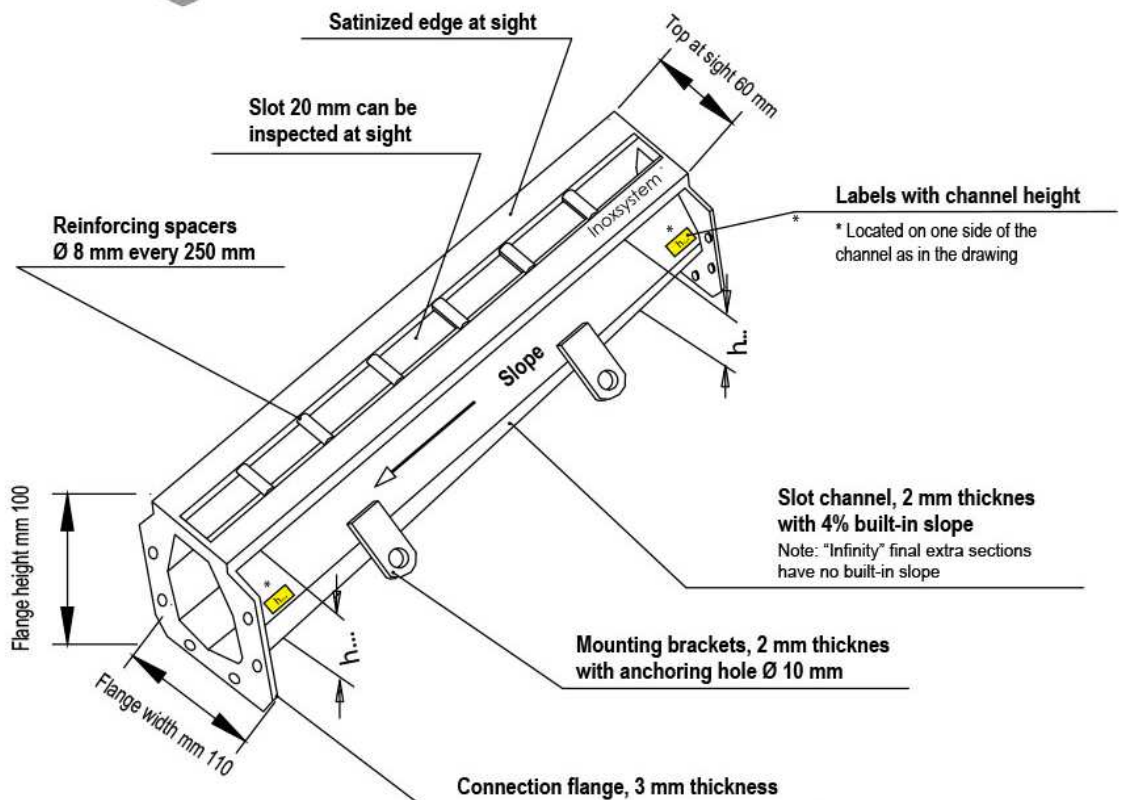

These Inoxsystem® items are entirely built in stainless steel AISI 304, 2 mm thickness, with built-in slope ("Infinity" final extra lines have no slope).

Surface at sight 60 mm, central slot 20 mm and body draining 65 mm (inspection at sight).

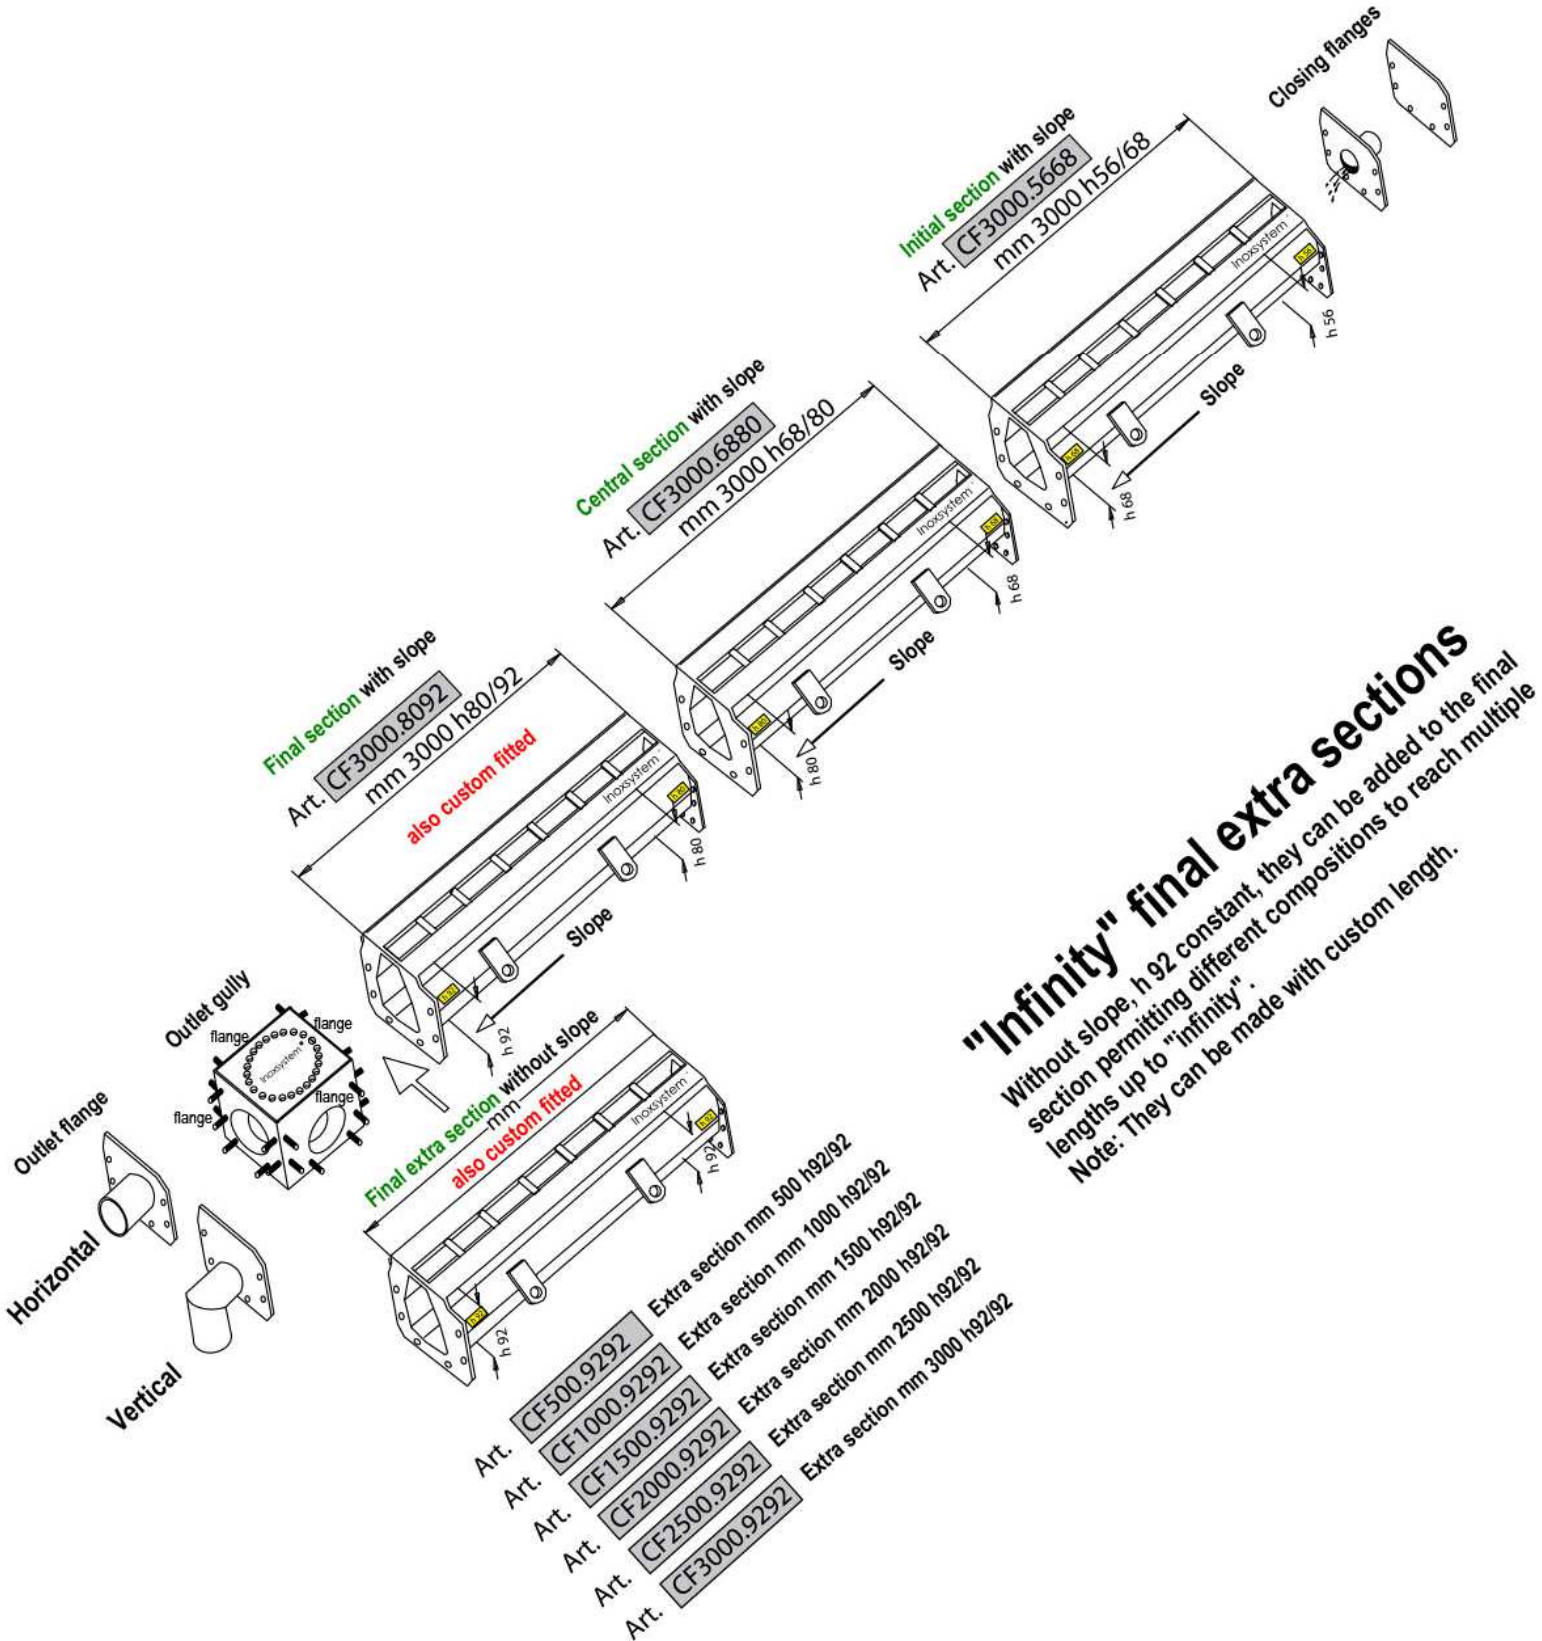

Assembled with all Inoxsystem® Infinity range, they can reach various compositions and lengths adapted for various installation requirements.

Loading Classes
A15 - B125 - C250
according to UNI EN 1433

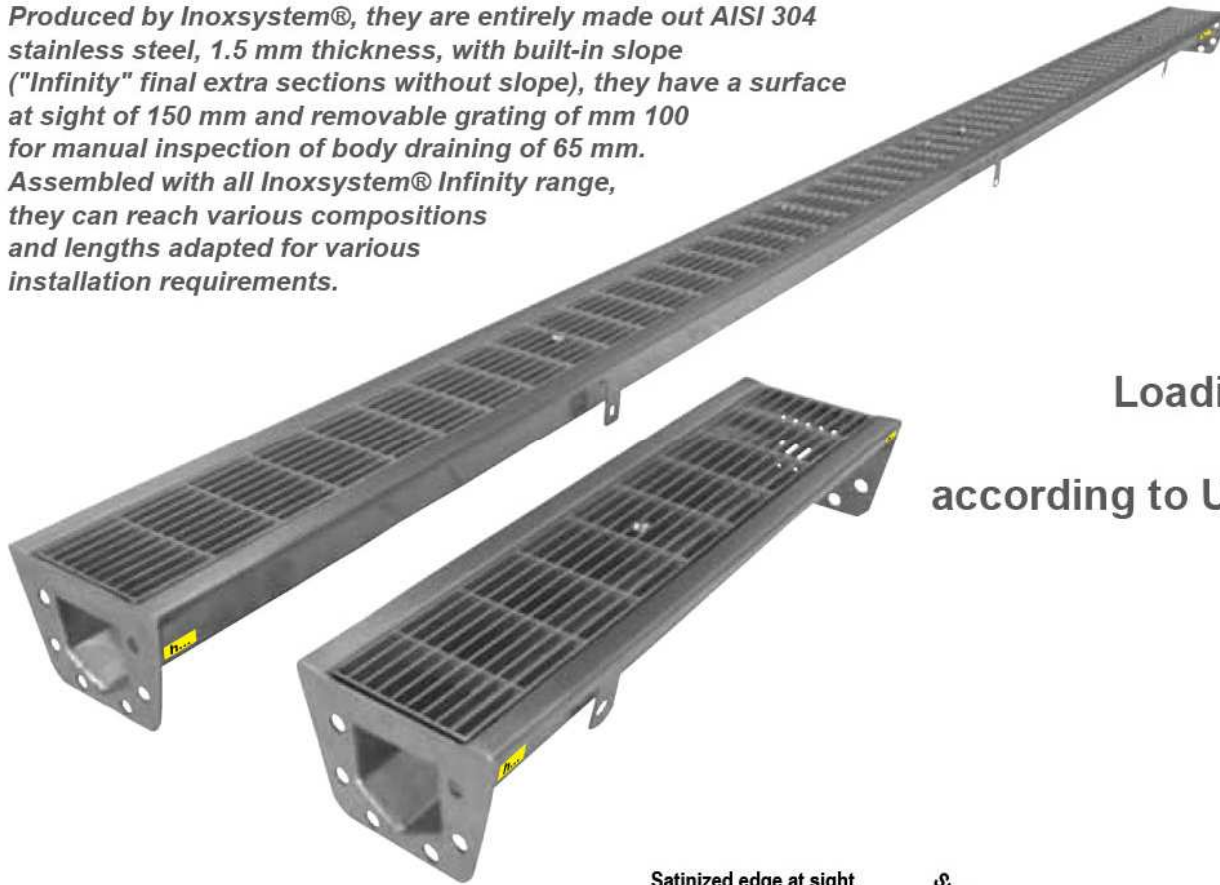

Inoxsystem® *Infinity* slot channel

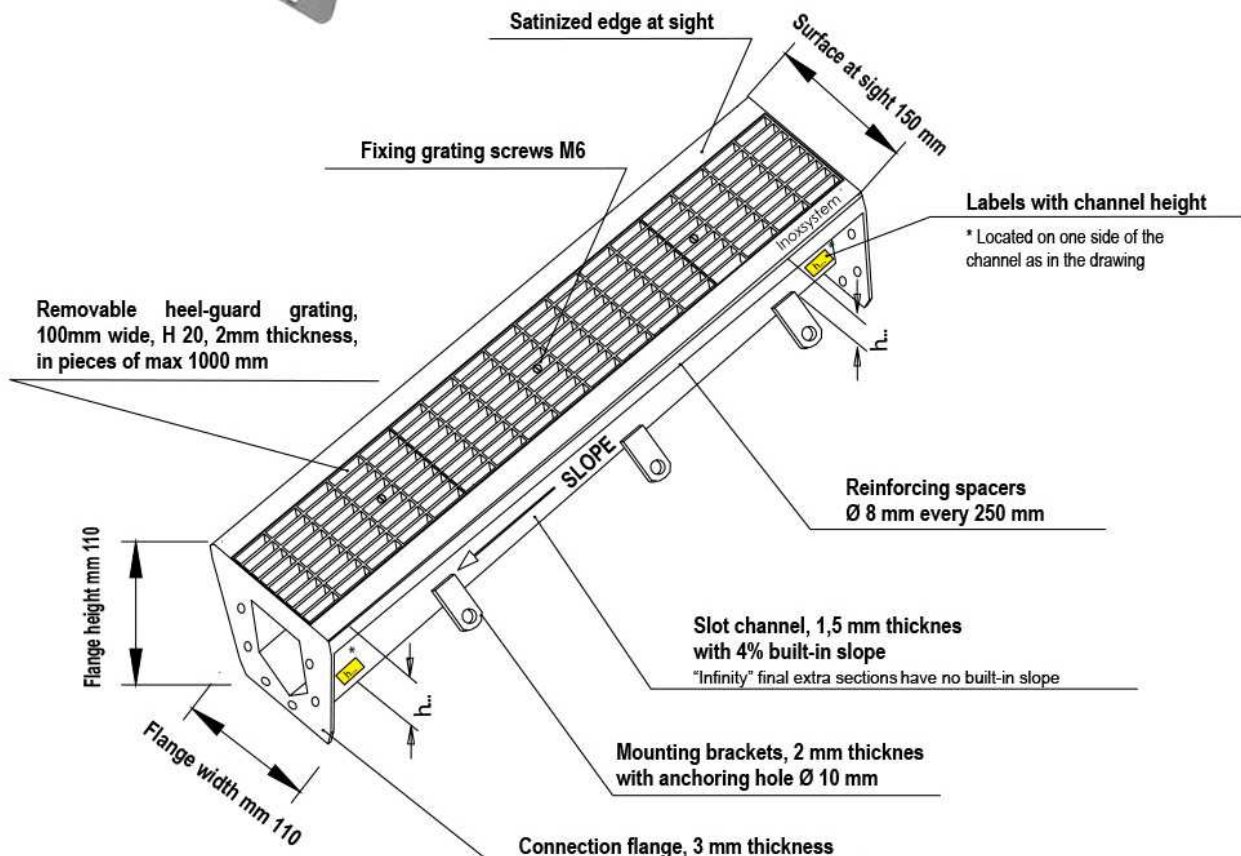

"Infinity" final extra sections
 Without slope, h 92 constant, they can be added to the final section permitting different compositions to reach multiple lengths up to "infinity".
 Note: They can be made with custom length.

Inoxsystem® Infinity grated channel

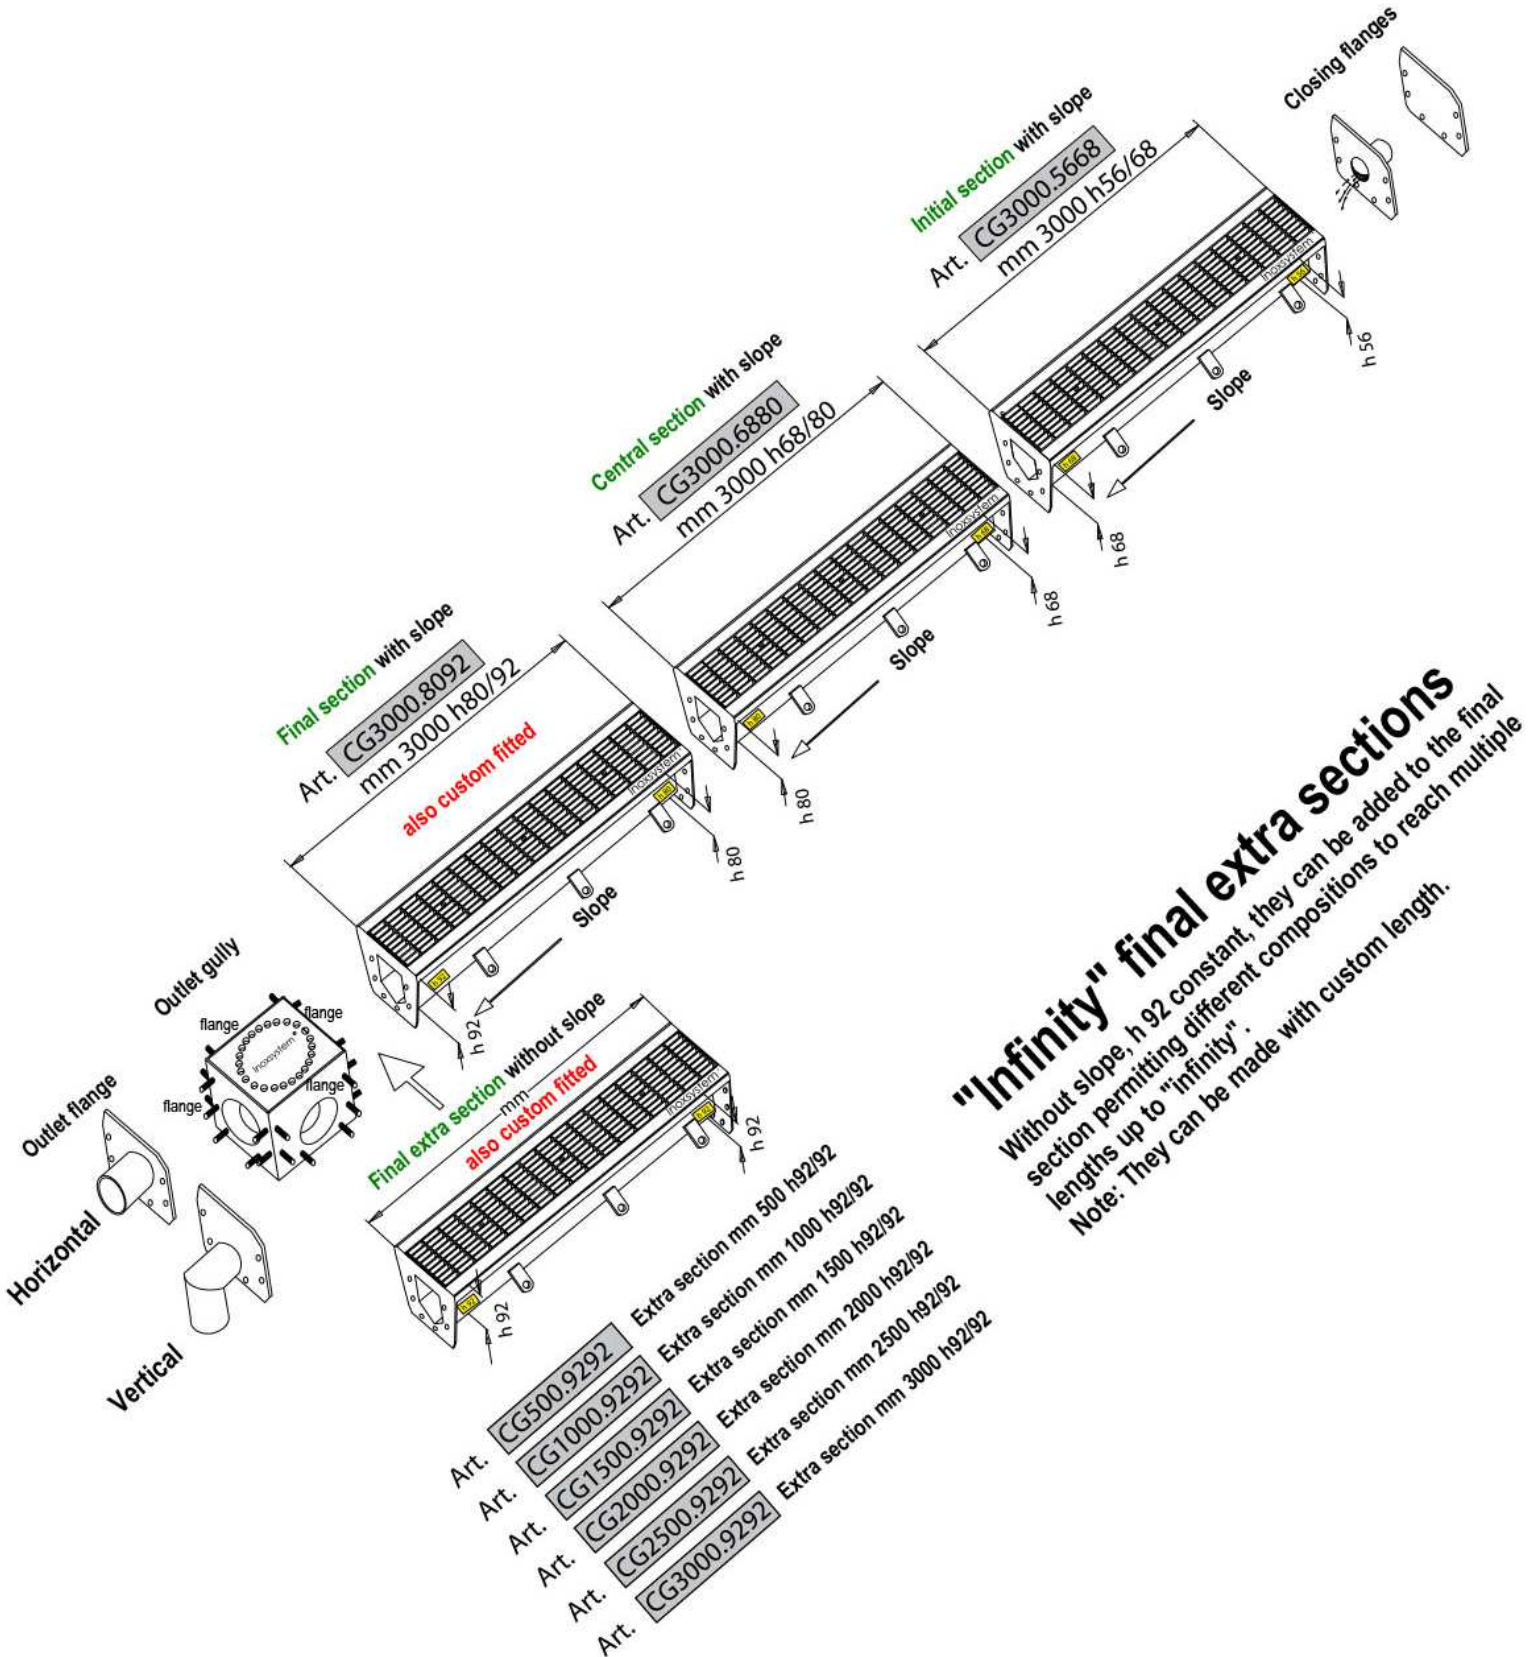

Produced by Inoxsystem®, they are entirely made out AISI 304 stainless steel, 1.5 mm thickness, with built-in slope ("Infinity" final extra sections without slope), they have a surface at sight of 150 mm and removable grating of mm 100 for manual inspection of body draining of 65 mm. Assembled with all Inoxsystem® Infinity range, they can reach various compositions and lengths adapted for various installation requirements.

Floor drain for Inoxsystem® *Infinity channels*

Floor drains 150x150 without siphoning

Art. **CC1504**

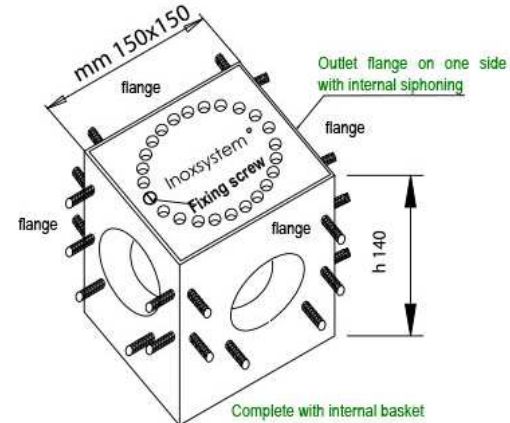

Floor drains 150x150 h100
c/w flanges on 4 sides suitable for
various connections of channels,
angles, crossings, inspections
and all types of flanges

* Siphoned floor drains 150x150 with removable filter basket

Art. **CCS1504** *

Floor drain 150x150 h 140
such as article "CC1504" but h140
complete with internal filter basket
and 1 outlet flange already siphoned

* Upon request: can be used all floor drains described on page 10

in this case indicate the quantity and location of flanges necessary

(90°-180°-270°-360°)

Accessories for connection flanges

Art. **M8S5** For assembly
of 5 pairs of flanges

Pack of No.30 stainless steel screws M8x14 + nuts,
complete with sealant silicone
to assembly up to 5 pairs of flanges

30 screws + nuts + sealant silicone

Art. **M8S10** For assembly
of 10 pairs of flanges

Pack of No.60 stainless steel screws M8x14 + nuts,
complete with sealant silicone
to assembly up to 10 pairs of flanges

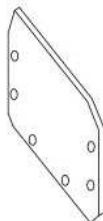

60 screws + nuts + sealant silicone

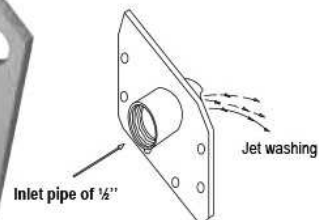

Flanges for channel and floor drains Inoxsystem® Infinity

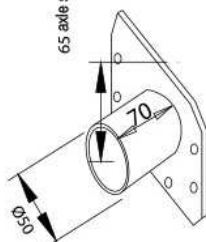

Art. **FC92**
End cap flange

Art. **FC92M**
Inlet cap flange
with pipe coupling of 1/2"

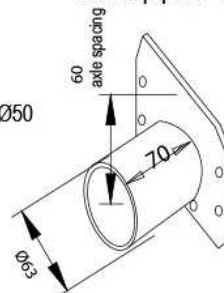

Art. **FC92.50**
Outlet cap flange
with HORIZONTAL
outlet pipe Ø 50 mm

Removable filter basket Ø50
Art. **CEST50**

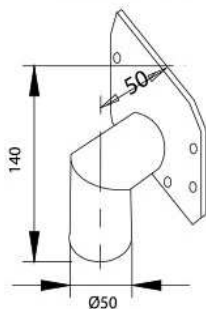

Art. **FC92.63**
Outlet cap flange
with HORIZONTAL
outlet pipe Ø 63 mm

Removable filter basket Ø63
Art. **CEST63**

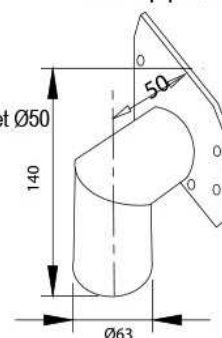

Art. **FC92.50V**
Closing flange with
VERTICAL outlet
pipe Ø 50 mm

Removable filter basket Ø50
Art. **CEST50**

Art. **FC92.63V**
Closing flange
with VERTICAL
outlet pipe Ø 63 mm

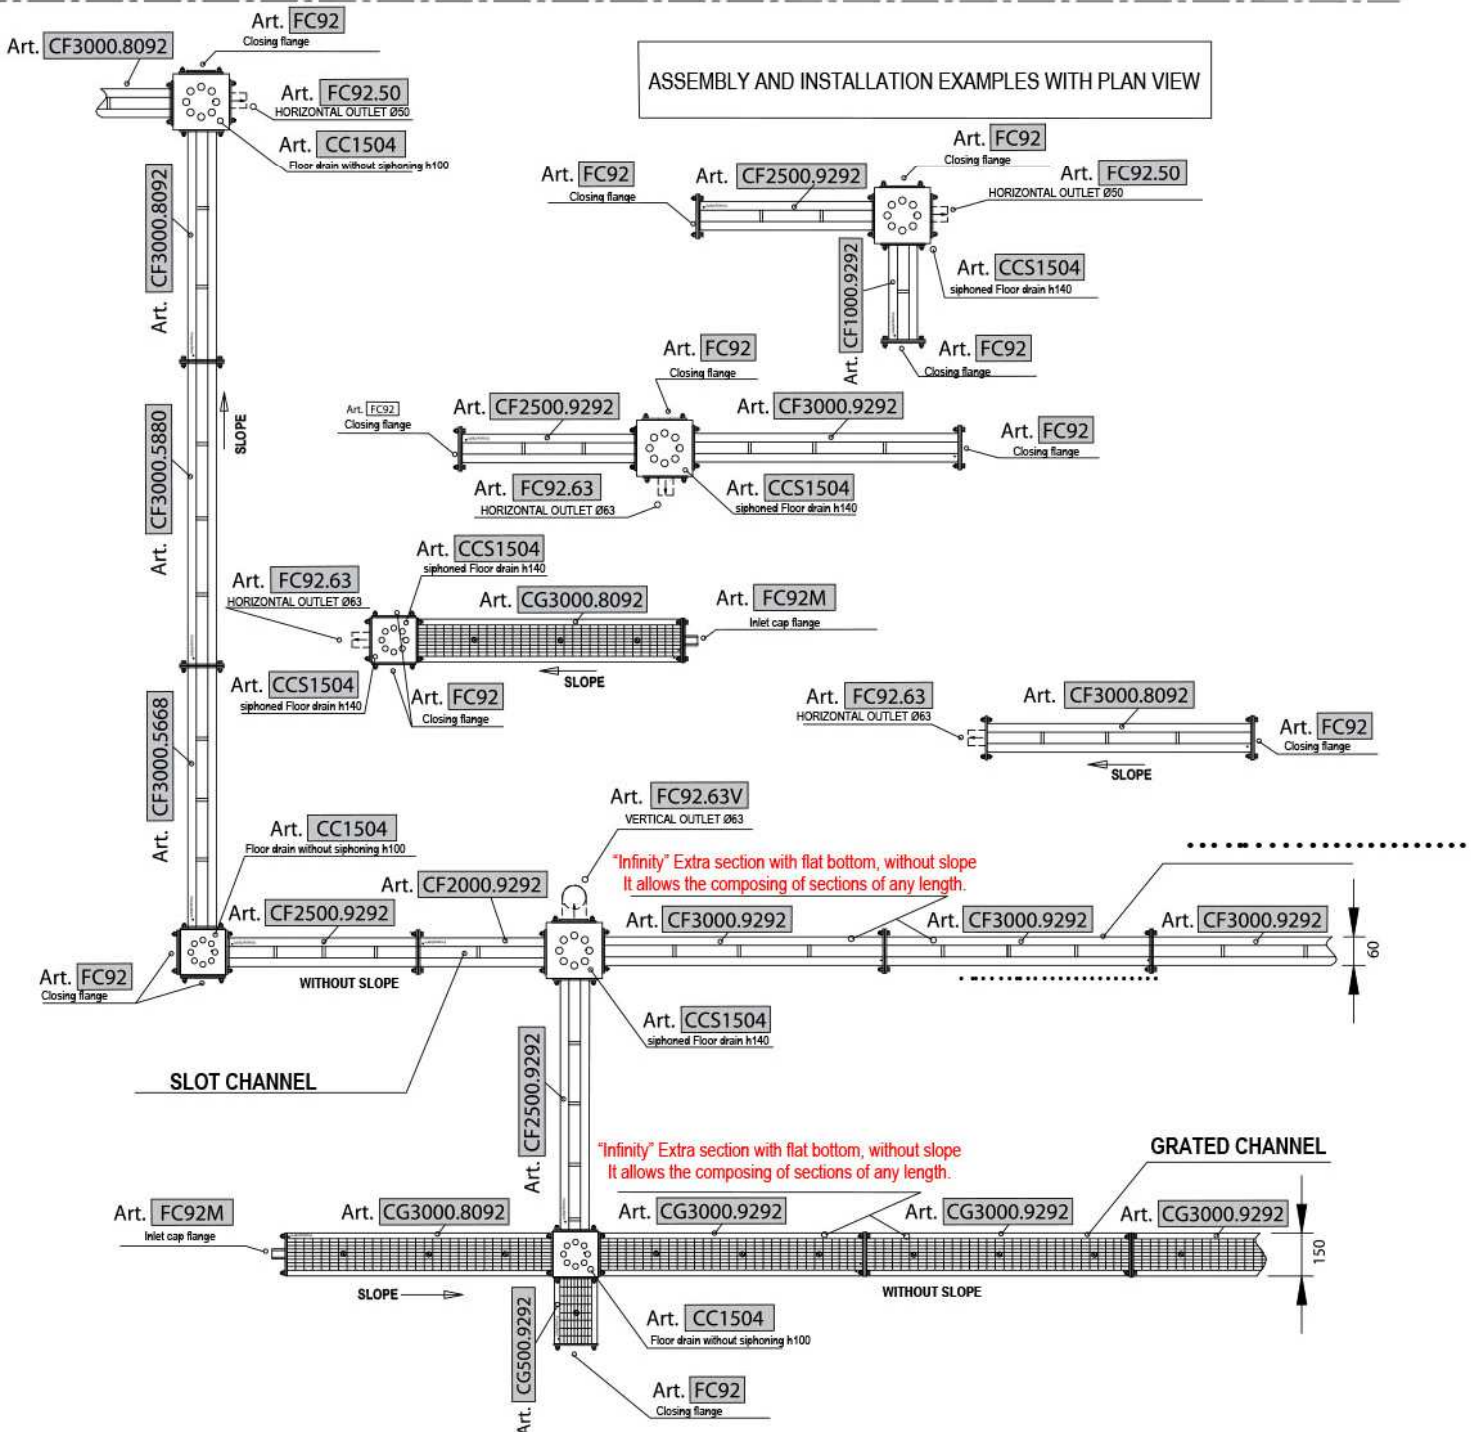

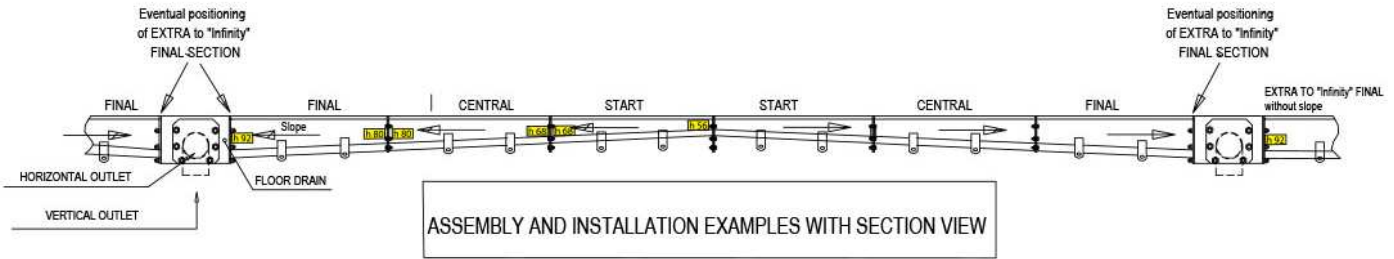

Removable filter basket Ø63
Art. **CEST63**
